To

All SEs/Ops, All XENs/Ops, All SDOs/OPs
Under DHBVN

Memo No. *Ch-171/SE/So-1066* Dated: *21-03-2023*

Subject: Implementation of the national portal RTS (Rooftop Solar) scheme, application process to be followed.

DHBVN has onboarded the Simplification of Procedure - Rooftop Solar under the MNRE Phase-II Program and its notification issued vide SE/SO, Hisar, office memo. no. Ch-167/SE/SO-1066 dated 24/2/2023. As a result, 523 applications have already been received by DHBVN on the National Portal of MNRE.

Integration of the National Solar Portal and DHBVN e-solar Portal: Integration of the National Portal for RTS and the DHBVN e-solar portal is under development.

Till Integration of National Portal for RTS & DHBVN Portal following procedure is required to be followed :

- 1) The candidate must submit an application through the national portal. To process the application, the applicant will reapply on the DHBVN e-solar portal by selecting the option yes for have you applied on the national portal and then mentioning the application reference number as mentioned on the National Portal for the respective application.
- 2) This office has already created the SDOs, XENs, and SEs' login credentials for the National Portal and the MNRE has communicated them through noreply@nic.in. The field offices have to login at <https://solarrooftop.gov.in> under Discom login.
- 3) The sub division office will review the feasibility and approve it on the National Portal if it is found to be feasible.
- 4) The consumer can select a vendor from the National Portal's list of registered vendors.
- 5) The process for sanctioning/processing applications under the National Portal must be followed in the same way as applications under the MNRE projects are sanctioned/processed on the DHBVN e-solar portal.

Thus, it is requested to please ensure meticulous compliance in order to realize the MNRE's mission of green energy and to inspire consumers to become prosumers.
